HIGH IMPACT DOORS

The perfect protection for your home or business against hurricanes, storms, and burglary.

Built with durable materials, they withstand strong winds and impacts, while their sleek design fits any building.

Plus, they can help lower insurance costs and allow for quick evacuation in emergencies.

RESISTANT

Constructed with durable and resistant materials to withstand strong impacts.

SECURE

Offer effective protection against burglary and hurricanes, keeping your property safe and secure

ENERGY SAVINGS

Constructed with durable and resistant materials to withstand strong impacts.

AESTHETICS

Modern and attractive design to match any architectural style.

EASY MAINTENANCE

They require little maintenance and are easy to clean.

FUNCTIONALITY

They can be easily opened and closed and have high security locking options.

TOUGH WHEN YOU NEED IT. BEAUTIFUL ALWAYS

IMPACT-RATED PRODUCTS

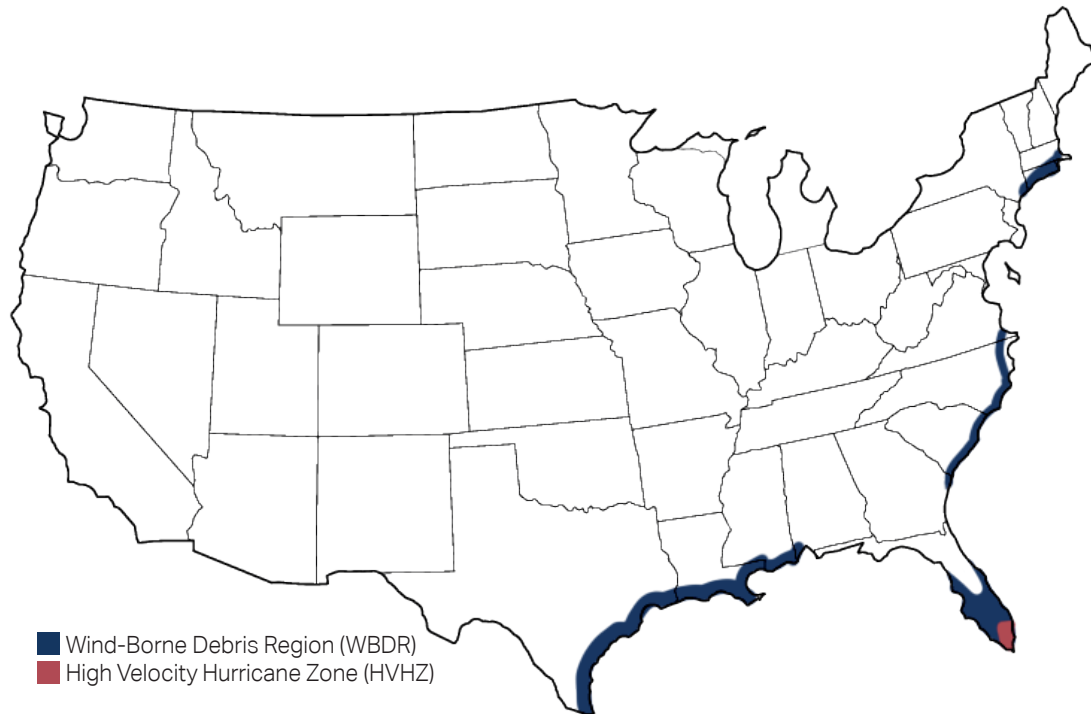

Therma-Tru offers Impact rated door and regglass that can be used to meet high-wind and hurricane region codes and regulations, offering excellent performance in extreme weather conditions while providing added protection.

! Use the map as a guide to find out if you need product for WBDR or HVHZ.

Always confirm building code requirements in your area before buying.*

HIGH-POWER TESTING

Our Impact-rated doors pass a large missile impact test. We blast a 9lb. 2" x 4" stud into the doors at 34 mph to prove they're the better choice for strength and stability.

■ Wind-Borne Debris Region (WBDR)
■ High Velocity Hurricane Zone (HVHZ)

Designed for Long-Term Performance

Features fiberglass skins that are 46% thicker* for added durability and better long-term performance.

Triple-Pane Construction

Most decorative, privacy and textured glass panels are enclosed between tempered glass, offering superior quality and thermal performance.

Built for Strength and Security

Constructed with a 4" wide board of engineered lumber that runs the full length of the locking side of the door for a solid natural wood feel that makes Classic Craft doors 50% stronger and 30% heavier.*

Constructed for Energy Efficiency

Built with a high-performance polyurethane foam core that is four times more energy efficient than wood.
